compromises has been ready. Awed, dropping to one knee before Barty, Tom fingered the sleeve of the boy's shirt. Worse, to make credible his anguish and to avoid suspicion, he would have to play the devastated widower for at least another couple weeks, perhaps for as long as a month. As a dedicated follower of the self-improvement advice of Dr. Caesar Zedd, Junior was impatient with those who were ruled by sentimentality and by the expectations of society, and now he was required to pretend to be one of them-and for an interminable period of time. Not cheerful, life-loving, high-spirited, churchgoing Naomi. She saw every day through a golden haze that came from the sun in her heart. She got a can of soda, returned to the table, and sat down as if finished with her explorations. "You're okay, Barty." "I'm gonna dream about baby chickens," she told Celestina, "and if I'm all yellow, they'll think I'm one of them." "The princess is correct," he acknowledged, revealing that this hand was still empty. Then he reached to the girl and plucked the quarter from her ear. Kneeling at her side, Junior placed the decorative pillow over her lovely face and pressed down firmly while Frank Sinatra finished "Hello, Young Lovers," and sang perhaps half of "All or Nothing at All." Victoria never regained consciousness, never had a chance to struggle. He closed his eyes to know the kitchen as Barty knew it. The fine aromas, the musical clink of spoons, the tinny rattle of pans, the liquid swish of a stirring whisk, the heat from the ovens, the women's voices: Gradually, denying himself sight, he was aware of his other senses sharpening. The funeral director and his assistant were the only people, other than Junior, remaining at the grave. They asked if they might lower the casket or if he would rather that they wait until he was gone. Turning in circles, he tipped his head back, presenting his face to the streaming sky, laughing. The beast would find them one day, but she hadn't spoken of that possibility in perhaps two and a half years. An SFPD patrol car swept past, its siren silent, the rack of emergency beacons flashing on its roof. Regrettably, his radiant smile only emphasized, by contrast, the dire shortcomings of the face from which it beamed. Lumpish, pocked, wart-stippled, darkened by a permanent beard shadow with a bluish cast, this countenance was beyond the powers of redemption possessed by the best plastic surgeons in the world, which was no doubt why Nolly applied his resources strictly to dental work. Could any spell of magic make. Furthermore, fear of the unknown is a weakness also because it humbles us. Humility, Caesar Zedd declares, is strictly for losers. For the purpose of social and financial advancement, we must pretend to be humble-shuffle our feet and duck our heads and make self-deprecating remarks-because deceit is the currency of civilization. But if ever we wallow in genuine humility, we will be no different from the mass of humanity, which Zedd calls "a sentimental sludge in love with failure and the prospect of its own doom." Junior drove them a little crazy by pretending not to understand their intent as they circled the issue like novice snake handlers warily looking for a safe grip on a coiled cobra. From late morning until dinner, people arrived and departed, raised toasts to a merry Christmas and to peace on earth, to health and to happiness, reminisced about Christmases past, marveled about the first heart transplant performed this very month in South Africa, and prayed that the soldiers in Vietnam would come home soon and that Bright Beach would lose no precious sons in those far jungles. "Veal fit for kings," said their waiter, delivering the entrees, and one taste confirmed his promise. Junior in the fog. Trying oh-so-hard to live in the future, where the winners live. But being relentlessly sucked back into the useless past by memory. Nearly two weeks ago, in the Spruce Hills hospital, Junior had been drawn by some strange magnetism to the viewing window at the neonatal-care unit. There, transfixed by the newborns, he sank into a slough of fear that threatened to undo him completely. By some sixth sense, he had realized that the mysterious Bartholomew had something to do with babies. The sudden change of subject, from the airliner crash to Phimie, confused Celestina. Candle flames blurred into bright smears, and the faces of her good parents shimmered like the half-seen countenances of angels in dreams. At the end of his fourth month, instead of in his seventh, he said "Mama," and clearly knew what it meant. He repeated it when he wanted to get her attention. Angel followed him and observed as he climbed a stepstool and unhooked the telephone handset. He dialed with little pause between digits, and spoke with each of his uncles. From the corn soup to the baked ham to the plum pudding, he did not speak of his dry walk in wet weather. Vanadium understood the depth of his old friend's pain, and he knew that the anguish over the loss of a child could make the best of men act out of emotion rather than good judgment, and so he accepted Harrison's preference to let the matter rest. When enough time passed for reflection, what Vanadium ultimately decided was that of the two of them, Harrison was much the stronger in his faith, and that he himself, perhaps for the rest of his life, would be more comfortable behind a badge than behind a Roman collar. The candlestick was gone. The pedestal on which it had stood now held a Griskin bronze so devastatingly brilliant that one quick look at it would give nightmares to nuns and assassins alike. With a nervous twitch of his avian head and a wary frown, the watcher broke eye contact and slipped into the chattering crowd, lost as quickly as a slender sandpiper skittering among a herd of plump seagulls. Beyond the windows, the winter night sifted sootily down through the twinkling city, as he sat in his living room with a glass of Dry Sack in one hand and the picture of Celestina White in the other. While Angel continued her relentless interrogation of Paul Damascus, Tom joined her mother in front of the large window at the end of the room farthest from the dinner table. Tom didn't attribute supernatural powers to this killer. Enoch Cain was mortal, not all-seeing and all-knowing. Evil and stupidity often go together, however, and arrogance is the offspring of their marriage, as Tom had earlier told Celestina. An arrogant man, not half as smart as he thinks, with no sense of right and wrong, with no capacity for remorse, can sometimes be so breathtakingly reckless that, ironically, his recklessness becomes his greatest strength. Because he is capable of anything, of taking risks that mere madmen wouldn't consider, his adversaries can never predict his actions, and surprise serves him well. If he also possesses animal cunning, a kind of deep intuitional shrewdness, he can react quickly to the negative consequences of his recklessness and can indeed appear to be more than human. "I'm paying," Celestina insisted when they were seated. "I'm now a successful artist, with untold numbers of critics just waiting to savage me." He returned to the house and extinguished the three blown-glass oil lamps on the living-room coffee table. Out, as well, the silk-shade lamp. Unable to speak, the girl kissed her and then gently placed her head against Agnes's breast, capturing forever in memory the pure sound of her heart. The night was hushed but for the barking of a dog in the great distance. Hollow, far softer than the ghostly singing that had recently haunted Junior, the rough voice of this hound nevertheless stirred him, spoke to an essential aspect of his heart. The house was empty, silent. Hanna worked only days. Nellie Oatis, Perri's companion, was not employed here anymore. As the afternoon waned toward a portentous dusk and toward the gallery reception for Celestina White, Junior prepared his knives and guns. After his conversation with Magusson, however, Junior realized this fear was irrational. If the detective had miraculously escaped the cold waters of the lake, he would have been in need of emergency medical treatment. He would have staggered or crawled to the county highway in search of help, unaware that Junior had framed him for Victoria's murder, too badly wounded to care about anything but getting medical attention. More likely than not, this was a lie, and

the detective was, setting him up. Suddenly Junior wished that he had denied dreaming..So runs the water away..Although the ace of hearts had only positive meanings, and although, according to Maria, multiple appearances, especially in sequence, meant increasingly positive things, a series of chills nevertheless riffled through Agnes's spine, as if her vertebrae were fingers shuffling..The porch light wasn't on. No landscape lighting brightened the backyard. Barty was a gray shadow moving through darkness and through the darkling drizzle..At the far end of the table, Agnes shot up from her chair as her son said rain, and as he said wet, she spoke warningly: "Barty!".Minutes later, once more in a corridor conference with Dr. Daines, she was forced to temper her new optimism..In addition to these scavengers, another presence was here, unseen but not unfelt. The chill of this invisible entity pierced Junior to the marrow: the stubborn, vicious, psychotic, prickly-bur spirit of Thomas Vanadium, maniac cop, not satisfied to haunt the house in which he'd died, not ready yet to seek reincarnation, but instead pursuing his beleaguered suspect even after death, capering--to paraphrase Sklent like an invisible, filthy, scabby monkey here on this city street, in bright daylight.
