"Worlds," ventured Jacob, "in which that oil-tank truck never stopped on the railroad tracks in Bakersfield, back in '60. So the train never crashed into it and those seventeen people never died." The gray pewter appeared to be mottled with a black substance. Perhaps char. As though it had been soiled in a fire. As though giving voice to her worst fear had made it come true, Agnes was seized by a contraction so painful that she cried out and clutched the paramedic's hands tightly enough to make him wince. She felt a peculiar swelling within, then an awful looseness, pressure followed at once by release. Vanadium owned so few clothes that the two bags had sufficient capacity to accommodate half the contents of the closet and dresser. This was not the same card he'd found at his bedside, under two dimes and a nickel, on the night following Naomi's funeral. He had torn that one and had thrown it away. Now her mooring was Wally Lipscomb-obstetrician, pediatrician, landlord, and best friend--who arrived halfway through the reception. As she listened to Helen Greenbaum's sales report, Celestina held Wally's hand so tightly that had it been a plastic champagne flute, it would have cracked. At first light, a nurse arrived to perform preliminary surgical prep on Barty. She pulled the boy's hair back and captured it under a tight fitting cap. With cream and a safety razor, she shaved off his eyebrows. He was as solid as any boy. He was in the day but not in the rain. He was moving toward the back of the car. The sedative was mild, but Phimie was asleep in mere minutes. She was exhausted by her long ordeal and by her recent lack of sleep. By the time he arrived at his apartment, Junior could think of no better action to take, so he phoned Simon Magusson, his attorney in Spruce Hills. Behind his masking hands, the physician let out a thin sound, as though he were trying to pull from his heart an anguish that was embedded like a bur with countless sharp, hooked thorns. Even as the morning matured, the fog and the rain conspired to bar all but a faint gray daylight from St. Mary's. Shadows flourished. By habit, she shifted her attention to his eyes, because though the scientific types insist that the eyes themselves are incapable of expression, Agnes knew what every poet knows: To see the condition of the hidden heart, you must look first where scientists will not admit to looking at all. Angel, however, focused on a point in the air above the table. Faint furrows marked her brow for a moment, but then the frown gave way to a smile. Before he taught himself to read books, he also taught himself numbers, and then how to read a clock. The significance of time had a more profound impact on him than Agnes could understand, perhaps because acquiring an awareness of the infinite nature of the universe and the finite nature of each human life--and fully understanding the implications of this knowledge--takes most of us till early adulthood if not later, whereas for Barty, the vast glories of the universe and the comparatively humble nature of human existence were recognized, contemplated, and absorbed in a matter of weeks. Now he shuffled the first of the four decks precisely as he had shuffled the first deck on Friday evening, and he set it aside. In southern California, Agnes Lampion dreams of her newborn son. In Oregon, Junior Cain fearfully speaks a name in his sleep, and Detective Vanadium, waiting to tell the suspect about his dead wife's diary, leans forward in his chair to listen, while ceaselessly--turning a quarter across the thick knuckles of his right hand. "But what made you choose that life? You must have committed to the seminary awfully young." As best he could, he examined his clothes. They were better pressed than he expected, and not noticeably soiled. From the chair in the corner, where Agnes sat, it seemed that Joshua took an inordinately long time on what was usually a quick examination. Worry so weighed on her that the physician's customary thoroughness seemed, this time, to be filled with dire meaning. Knuckle over knuckle, snared in the web of thumb and forefinger, vanishing into the purse of the palm, secretly traversing the hand, reappearing, knuckle over knuckle, the coin glimmered as it turned. of fists, hard blows, and his father's heavy breathing as he deals out the punishment. Edom himself lies face down in. Celestina indicated to Tom that he should sit at the head of the table, facing Agnes at the foot. As Wally lowered himself into the empty chair to Tom's left, Celestina picked up two items from the sideboard and put them in front of Tom, before sitting to his right. Because he genuinely liked women and hoped always to please them, always to be discreet and chivalrous and giving, Junior did as she wished, spinning a vivid account of the grisly vengeance he would take if ever Seraphim told anyone what he'd done to her. Vlad the Impaler, the historical inspiration for Brain Stoker's Dracula--thank you, Book-of-the-Month Club--could not have imagined bloodier or more horrific tortures and mutilations than those that Junior promised to visit upon the reverend, his wife, and Seraphim herself. Pretending to terrorize the girl excited him, and he was perceptive enough to see that she was equally excited by pretending to be terrorized. Thick fog distorted all sense of time and place. At each end of the block, pearly hazes of light marked intersections with main streets but didn't illuminate this narrower passage in between. A few security lamps--bare bulbs under inverted-saucer shades or caged in wire--indicated the delivery entrances of some businesses, but the dense white shrouds veiled and diffused these, as well, until they were no brighter than gaslights. As they moved around the base of the oak from one vantage point to another, people stopped by to reassure Agnes, although never with a word, as though to speak would be to jinx the climb. Maria placed a hand on her arm, squeezed gently. Celestina briefly massaged the nape of her neck. Edom gave her a quick hug. Grace slipped an arm around her waist for a moment. Wally with a smile and a thumbs-up sign. Tom Vanadium, thumb and forefinger in a confident OK. Lookin' good. Hang in there. Signs and gestures, maybe because they didn't want her to hear the quivers and catches in their voices. "I know Edom and Jacob have been a burden," said Winnie, "you having to be responsible for them." "If you ranted at him about earthquakes, tornadoes, erupting volcanoes, and all that stuff, how could he mistake you for me?" Junior considered leaving before Vanadium--still seventy-five yards away--arrived. He was afraid he would appear to be fleeing. "Lock it anyway. And don't hang up. Stay on the line until the patrolmen get there." Paul couldn't remember when he began to love her. Not at first sight. But before she contracted polio. Love came gradually, and by the time it flowered, its roots were deep. They knew no one named Bartholomew, and she had never heard the name from him before, but she knew what he wanted. He was speaking of the son he would never see. Drawn by voices on the second floor, Tom took the stairs two at a time. A man and a boy. Barty and Cain. To the left in the hallway, and then to a room on the right. Earlier, before leaving home, he had taken a preventive dose of paregoric. For now, at least, his bowels were quiet. The middle finger on his right hand throbbed under the pair of Band-Aids. He'd sliced it earlier, while using the electric sharpener to prepare his knives, and the wound had been aggravated when he'd had to strangle Neddy Gnathic. He would never have cut himself in the first place if there had been no need to be well-armed and ready for Bartholomew and his guardians. "As I explained, he might have thought I was you," Edom said, staring at the neatly ordered volumes on the nearby bookshelves. IN HIS FORD VAN filled with needlepoint and Sklent and Zedd, Junior Cain--Pinchbeck to the world--left the Bay Area by a back door. He took State Highway 24 to Walnut Creek, which might or might not have walnuts, but which offered a mountain and a state

park named for the devil: Mount Diablo. State Highway 4 to Antioch brought him to a crossing of the river delta west of Bethel Island. Bethel, for those who had taken good advanced courses in vocabulary improvement, meant "sacred place." Professional magic was not a field in which many Negroes could find their way to success. Obadiah was one of a rare brotherhood..Thus began the first day of the last weekend of their old lives. Maria visited on Saturday, sitting in the kitchen, embroidering the collar and cuffs of a blouse, while Agnes baked pies..Paul shook his head. He presented a second picture of Perri, this one taken on Christmas Day, 1964, less than a month before she died. She lay in her bed in the living room, her body shrunken, but her face so beautiful and alive..As she tucked the bedclothes around him again, she said, "Barty, I don't think you should let anyone else see how you can walk in the rain without getting wet. Not Edom and Jacob. Not anyone at all. And anything else special that you discover you can do ... we should keep it a secret between you and me."..In the faraway, at the limits of night and fog, the dog bit off his bark in expectation..Around the dinner table, the adults applauded, but the tougher audience squinted at the ceiling, toward which she believed the coin had arced, then at the table, where it ought to have fallen among the water glasses or in her creamed corn. At last she looked at Tom and said, "Not magic."..Maria Elena Gonzalez-no longer a seamstress in a dry-cleaners, but proprietor of Elena's Fashions, a small dress shop one block off the town square-joined Agnes, Barty, Edom, and Jacob on Christmas.Worrying is what mothers do best. Celestina was her mother, as far as Angel was concerned, and the child was not yet of an age to be told, and to understand, that she had been blessed with two mothers: the one who gave birth to her, and the one who raised her.."After the war, for a while, I was able to get more mainstream work. Racially ... things were changing. But I was getting older, too, and the entertainment business is always looking for someone young, fresh. So I never made it big. Lord, I never even made it medium, but I got along okay. Until ... by the early 1950s, my booking agent found it harder and harder to line up good dates, good clubs."..As he edged closer, to better hear the conversation, he became aware of someone staring at him. He looked up into anthracite eyes, into a gaze as sharp as that of any bird, set in the lean face of a thirty something man thinner than a winter-starved crow.."Better. Fear doesn't require him even to seduce a woman or to buy a bottle of whiskey. He just needs to open himself to it, and he will be filled like a glass under a faucet. As difficult as this may be to comprehend, Cain would choose to be neck-deep in a bottomless pool of terror, desperately trying to stay afloat, rather than to suffer that unrelieved hollowness. Fear can give shape and meaning to his life, and I intend not merely to fill him with fear but to drown him in it."..Waste of time to check those places. More likely, woman and boy were hiding in the last room.."Peach, raisin, walnut pies," Agnes said, "with regular bottom crust and a chocolate-crackle top crust."..Settling onto the empty stool beside this beauty, Junior offered to buy her a drink, and she accepted..He added verisimilitude to his threats by concluding with a few hard punches where they wouldn't show, in her breasts and belly, and then he, went home to Naomi, to whom he'd been married, at that time, less than five months..He spent the afternoon with her and stayed for dinner. He ate at her bedside, feeding both himself and her, balancing the progress of his meal with hers, so they finished together. He'd never fed her before, yet he wasn't awkward with her, or she with him, and later what he remembered of dinner was the conversation, not the logistics..And now she didn't need him anymore. He gazed at her face, held her cooling hand; his anchor was slipping away from him, leaving him adrift..The morning that it happened, Tom Vanadium rose later than usual, shaved, showered, and then used the telephone in Paul's downstairs study to call Max Bellini in San Francisco and to speak, as well, with authorities in both the Oregon State Police and the Spruce Hills Police Department..We have inhabited both the actual and the imaginary realms for a long time. But we don't live in either place the way our parents or ancestors did. Enchantment alters with age, and with the age..For the first time since walking to La Jolla to meet Jonas Salk, Paul planned a journey with a specific purpose..With his bent thumb against the crook of his forefinger, he flipped the quarter. Even as the coin snapped off the thumbnail and began to stir the air, Tom flung up both hands, fingers spread to show them empty and to distract. Yet on a second look, the coin was not airborne as it had seemed to be, no longer spinning-wink, wink-before their dazzled eyes. It had vanished as though into the payment slot of an ethereal vending machine that dispensed mystery in return..The nurse led the way, while the orderly pushed the gurney from behind Barty's head..Paul Damascus had gotten numerous invitations to dinner. No one thought that he should be alone on this difficult night.."No. The information I gave you came from the coroner's office, which issued the death certificate. But even if I got into St. Mary's records, there wouldn't be a hint of where Catholic Family Services placed this baby."..Not every coincidence, however, has meaning. Toss a quarter one million times, roughly half a million heads will turn up, roughly the same number of tails. In the process, there will be instances when heads turn up thirty, forty, a hundred times in a row. This does not mean that destiny is at work or that God-choosing to be not merely his usual mysterious self but utterly inscrutable-is warning of Armageddon through the medium of the quarter; it means the laws of probability hold true only in the long run, and that short-run anomalies are meaningful solely to the gullible..An unfortunately bumpy ride for the deceased: along the hallway, through the foyer, across the entry threshold, down the porch steps, across a lawn dappled with pine shadows and yellow moonlight, to the graveled driveway. No complaints.
