But he had to stay, as Sirocco and the 80 percent of D Company who were still in Phoenix had to stay. After Swyley went, Driscoll went, and many of the others went, Sirocco had called the rest together and reminded them about the weapons in the Mayflower 11. "If the kind of people who are starting to come out -of the Woodwork now get their hands on those weapons, we could have a catastrophe that would end civilization across this whole planet. You've all seen what's happening back on Earth. Well, the same mentalities are here too, and they're panicking. We must keep enough of the Army together to stop anything like that if we have to." And so they

had stayed. Colman was nonplussed. He shook his head as if to clear ? it. "What--What exactly do you do around here?" Kath's smile became impish, as if she were amused by his confusion. "You can't be soft with people like this," Borftein said bluntly. "Give them a yard, and they'll hate you because they want a mile. Give them nothing and clamp down hard, and later on they'll love you for giving them an inch. I've seen it all before." Even poor Mr. Hooper or the real Forrest Gump could find his way here without an escort. "Still not the price of a Navigator," Noah observed. "You think pretty smart." "Dry as a cracker." fish for which so many nets have been cast. Then her fingers fanned across her face. She hung her head. The new round of weeping was subdued, concern for the insect be addressed seriously. Colman's eyebrows arched in surprise. "True, but-wow! I had no idea that anything here was that advanced." Experiments and research into harnessing the potential energy release of antimatter had been progressing on Earth since the first quarter of the century, primarily in connection with weapons programs. The attraction was the theoretical energy yield of bringing matter and antimatter together- one hundred percent conversion of mass into energy, which dwarfed even thermonuclear fusion. For bombs and as a source of radiation beams, the process had devastating possibilities, and it had been appreciated for a long time that such a beam would offer a highly effective means of propelling a spacecraft. "I don't cheat." Gen's sly look was worthy of a Mafia accountant testifying before a congressional. Honda and out of sight. To Leilani, Micky said, "So I guess we're not twelve percenters, after all. His debut into life had been very different. The war had left his parents afflicted by genetic damage, and their first two children had not survived infancy. Aging prematurely from side effects, they had known they would never see Chiron when they brought him aboard the Mayflower II as a boy of eight and sacrificed the few more years that they might have spent on Earth in order' to give him a new start somewhere else. Paradoxically, their health had qualified them favorably in their application to join the Mission since the planning had called for the inclusion of older people and higher-risk actuarial categories among the population to make room for the births that would be occurring later. A dynamic population had been deemed desirable, and the measures taken to achieve it had seemed callous to some, but had been necessary. "Hell, Dorothy, where you are, they shoot little dogs like Toto for sport. And girls like you are stomped. thoroughbred but performed like a worn-out plow horse. "We never said it was," Kath replied. "You assumed it. So did Stern." Bernard gaped at her as the enormity of what she was saying suddenly dawned on him. Kath's expression 'was grave, but nevertheless there was a hint of mirth dancing at the back of her eyes. "We could hardly disguise our scientific work," she said. "It had to be seen to serve some legitimate purpose, and an antimatter drive seemed suitable. But the Kuan-yin project has been low down on our list of priorities." Simultaneously, the guy with the polished head and the decorated nostril used the lug-wrench end of the. Stanislaw asked, turning his head toward Sirocco. "I wish I'd heard them back when I could've helped you." "That was all a long time ago, Aunt Gen." Colman was about to make a joke Out of it when he realized they were serious. He knotted his brows and directed an inquiring look at each of them in turn. Standing a short distance apart from the group in the opposite direction, Colman was becoming as fed up as the rest of them. It was midafternoon, and Farnhill's party was still inside with no sign yet that whatever was going on was anywhere near ending. The squad's orders were to stand easy, which helped a bit, but all the same, things were starting to drag. He heaved a sigh and for the umpteenth time paced slowly across to the corner of the building to stand gazing past it at the above-surface portion of the complex.
