He felt so happy, he was improving every day in every way, life just got better-but then something happened that was worse than the shooting. It ruined his day, his week, the rest of his year..Caesar Zedd recommended not merely seizing the day but devouring it. Chew it up, feed on the day, swallow the day whole. Feast, said Zedd, feast, approach life as a gourmet and as a glutton, because he who practices restraint will have stored up no sustaining memories when famine inevitably comes..The day before Christmas, along the California coast. Although sun gilded the morning, clouds gathered in the afternoon, but no snow would ease sled runners across these roofs..THE MORNING THAT it happened was bright and blue in March, two months after Barty took Angel for a dry walk in wet weather, seven weeks after Celestina married Wally, and five weeks after the happy newlyweds completed their purchase of the Galloway house next door to the Lampion place. Selma Galloway, retired from a professorship years earlier, had subsequently retired further, taking advantage of the equity in her long-owned home to buy a little condo on the beach in nearby Carlsbad..Zedd endorses self-pity, but only if you learn to use it as a springboard to anger, because anger-like hatred--can be a healthy emotion when properly channeled.

Anger can motivate you to heights of achievement you otherwise would never know, even just the simple furious determination to prove wrong the bastards who mocked you, to rub their faces in the fact of your success. Anger and hatred have driven all great political leaders, from Hider to Stalin to Mao, who wrote their names indelibly across the face of history, and who were each, in his own way eaten with self-pity when young. Bearing roses upon their arrival, they hadn't bothered with umbrellas. Besides, although the sky glowered, the forecast had predicted no precipitation. This was the same woman who had been stripping the second bed when Celestina arrived earlier. Now she was here to remake the first. He was too sensitive a soul to be able to take either a handsaw or a power saw to a corpse. Around a long time yet, but women outlive men by several years. Actuarial tables aren't wrong. The strand was inclined toward the lake. He closed the door and got out of the way as the Studebaker rolled forward, gathering speed. Junior hadn't noticed when the detective stopped turning the coin across his knuckles. He couldn't see into the next aisle through the gaps between rows of books, because the shelves had solid backs. At the end of the famous sermon, Celestina's father had wished to all well-meaning people that into their lives should fall a rain of benign effects from the kind and selfless actions of countless Bartholomews whom they would never meet. And he assures those who are selfish or envious or lacking in compassion, or who in fact commit acts of great evil, that their deeds will return to them, magnified beyond imagining, for they are at war with the purpose of life. If the spirit of Bartholomew cannot enter their hearts and change them, then it will find them and mete out the terrible judgment they deserve. Not limited to a survey of the nursing staff on a single floor of the hospital, Junior used the elevators to roam higher and lower. Checking out the skirts. The same thought had occurred to her, a consolation that might make acceptance of these riches possible. Yet she remained chilled by the thought of receiving a life-changing amount of money as the consequence of a death. Agnes got out of bed, switched on the lamp, and tucked Barty in once more. "Say your silent prayers." Eleven years later, a few months after marrying Agnes, Joey mysteriously invited Edom to accompany him on "a little drive," and took his bewildered brother-in-law to a nursery. They returned home with fifty pound bags of special mulch, jars of plant food, and an array of new tools. Together, they stripped the sod from the side yard, turned the soil, and prepared the ground for the rich variety of hybrid starter plants that were delivered the following week. Paul recalled the letter he had written to Reverend Harrison White a couple weeks after the death of Joey Lampion. He'd carried it home from the pharmacy on the day that Perri died, to ask for her opinion of it. The letter had never been mailed. "Well, maybe you're right," Bellini said somewhat acerbically, before departing, "but then you've had the advantage of an illegal search, while I'm hampered by such niceties as warrants." He remembered standing in the cemetery, downhill from Seraphim's grave—although at the time he'd known only that it was a Negro being buried, not that it was his former lover—and thinking that the rains would over time carry the juices of the decomposing Negro corpse into the lower grave that contained Naomi's remains. Had that been a half-psychic moment on his part, a dim awareness that another and far more dangerous connection between dead Naomi and dead Seraphim had already been formed? She thought all that, but she closed her eyes and said: "I'll be okay. Give me a second here, all right?" Clearly, the musician recognized him, which seemed unlikely, even extraordinary, considering that they'd never spoken to each other, and considering that Junior must be only one of thousands of customers who had passed through that lounge in the past three years. He had bribed a parking attendant to keep his Mercedes at the curb in a valet zone, in front of a nearby restaurant, so it would be instantly available when needed. He could also leave the car and follow Celestina on foot if she chose to stroll home from here. No one could put him in prison because of his dreams. "I can't remember. Those are the worst, when you're not able to remember them—don't you think? They're always so silly when you can recall the details. When you draw a blank ... they seem more threatening." As Sklent so insightfully put it: Some of us live on after death, survive in spirit, because we are just too stubborn, selfish, greedy, grubbing, vicious, psychotic, and evil to accept our demise. None of those qualities described sweet Naomi, who had been far too kind and loving and meek to live on in spirit, after her lovely flesh failed. Now at one with the earth, Naomi was no threat to Junior, and the state had paid for its negligence in her death, and the whole matter should have been brought to closure. There were only two barriers to full and final resolution: first, the stubborn, selfish, greedy, grubbing, vicious, psychotic, evil spirit of Thomas Vanadium; and second, Seraphim's bastard baby—little Bartholomew. He rewound the words, played them again, but still the source of the threat eluded him. He was hearing them in his own voice, as if he had once read them in a book, but he suspected that they had been spoken to him and that. Considering his battered and stitched face, considering also his tragic and colorful history, Vanadium spoke with remarkably little drama. His voice was calm, nearly flat, rising and falling so little that he almost talked in a monotone. In that instant, she knew the dreadful shape of the future, if not its fine details. To be fair, with her exceptional beauty, she would have been the center of attention even in a gathering of real artists. Junior had little chance of getting at Seraphim's bastard boy without going through this woman and killing her as well; but if his luck held and he could eliminate Bartholomew without Celestina realizing who had done the deed, then he might yet have a chance to discover if she was as lubricious as her sister and if she was his heart mate. After a while, when no plane crashed on top of him, Jacob got up, went into the kitchen, and mixed a batch of dough for Agnes's favorite treats. Chocolate-chip cookies with coconut and pecans. Swinging toward the open door, he saw that the dead detective was true to his word: He wasn't here. Deeply distressed that he was planning the funeral of a man as young as Joe Lampion, whom he had liked and admired, Panglo paused to express his disbelief and to murmur comforting words, more to himself than to Jacob, as each decision was made. With one hand on the chosen casket, he said, "Unbelievable, a traffic accident, and on the very day his son is born. So sad. So terribly sad." Curiosity brought him here. Curiosity and a talent for self-preservation. Earlier, Vanadium had not come to Naomi's graveside as a mourner. He had been there as a cop, on business. Perhaps he had been at the other funeral on business, too. He was, admittedly, surprised that Nurse Bressler was strongly compelled to come on to him even though she had read his patient file and knew that he'd recently been a veritable geyser of noxious spew, that during the violent seizure in the ambulance, he had also lost control of bladder and bowels, and that he might at any moment suffer an explosive relapse. This was a remarkable testament to the animal lust he inspired even without trying, to the powerful male magnetism that was as much a part of him as his thick blond hair. Finished, Joshua excused himself and went down the hall to his office. He was gone perhaps five minutes, and when he returned, he sent Barty off to the waiting room, where the receptionist kept a jar of lemon- and orange-flavored hard candies. "A few of them have your name on 'em, Bartholomew." "Well, the lab could detect abnormally high salt levels, but that wouldn't matter in court. He could say he ate a lot of salty foods." Only two explanations occurred to him. First, bureaucracies slavishly follow the rules even when the rules make no sense. Second, the Ugliest Private Detective in the World, Nolly Wulfstan, was an incompetent dunce. Most likely, Reverend White's ramblings

were as greasy with sentiment and oily with irrational optimism as were his daughter's paintings, so Junior was in no hurry to learn the name of the radio program or to write for a transcript of the sermon..For two years, since finding the quarter in his cheeseburger, Junior had been searching for a metaphysics that he could embrace, that squared with all the truths that he had learned from Zedd, and that didn't require him to acknowledge any power higher than himself Here it was. Unexpected. Complete. He didn't fully understand the bit about monkeys and barrels, but he got the rest of it, and peace of a sort descended upon him..He had assumed that the dinner guest was Victoria's lover, but suddenly he realized that this might not be the case. The man might be nothing more than a friend. Her father or a brother. In which case the invitation to romance-posed by the coquettishly arranged wine and rose-would be so wildly inappropriate that the visitor would know at.No one had actually been here. And he still didn't believe in ghosts, so he didn't think that a spirit had been wandering his home in his absence..Junior could neither speak nor even mewl in agony. All the saliva had been draining forward, out of his open mouth, for so long that his throat was parched and raw. He felt as though he had munched on a snack of salted razor blades that were now stuck in his pharynx. His rattling wheeze sounded like scuttling scarabs..He fished the sound-suppressor from a jacket pocket, drew the pistol from his shoulder holster, and began to screw the former to the latter. He misthreaded it at first because his hands had begun to shake..He was uncharacteristically restive. His stoic nature, his long learned Jesuit philosophy regarding the acceptance of events as they unfold, and the acquired patience of a homicide detective were insufficient to prevent frustration from taking root in him. In the more than two months since Enoch Cain vanished, following the murder of Reverend White, no trace of the killer had been found. Week by week, the slender sapling of frustration had grown into a tree and then into a forest, until Tom began every morning by looking out through the tightly woven branches of impatience..When he came to himself, sick and weak from the poison and with an aching skull, he was in a room with brick walls and bricked-up windows. The door had no bars and no visible lock. But when he tried to get to his feet he felt bonds of sorcery holding his body and mind, resilient, clinging, tightening as he moved. He could stand, but could not take a step towards the door. He could not even reach his hand out. It was a horrible sensation, as if his muscles were not his own. He sat down again and tried to hold still. The spellbonds around his chest kept him from breathing deeply, and his mind felt stifled too, as if his thoughts were crowded into a space too small for them..One of the paramedics knelt beside the body, checking Naomi for a pulse, although in these circumstances, his action was such a formality that it was almost harebrained..The living room no longer doubled as sleeping quarters. Perri's hospital bed had been taken away. Paul's bed had been moved to a room upstairs, where for the past three nights, he had tried to sleep..He clenched the steering wheel tightly with both hands, clenched his teeth so fiercely that his jaw muscles bulged and twitched, and clenched his mind around a stubborn determination to get control of himself. Slow deep breaths. Positive thoughts..Glancing at his wristwatch with alarm, Edom bolted up from his chair. "Look at the time! Agnes gave me a lot to do, and here I am rattling on about earthquakes and cyclones..".Kid's room. Bartholomew's room. Furniture in cheerful primary colors. Pooh posters on the wall..Wet cobblestones and tattered blacktop. Hurry, hurry. Past the lighted casement window in the gallery men's room..Sometimes, just the thought of getting in the car and venturing into the dangerous world was intolerable. Then he settled into his La-ZBoy and waited for the natural disaster that would soon scrub him off the earth as though he had never existed.
